

Charles W. Rice
University Distinguished Professor

Office: Department of Agronomy
Kansas State University
2701 Throckmorton Plant Sciences Center
Manhattan, KS 66506-5501

Telephone: (785)-532-7217
Fax: (785)-532-6094
E-mail: cwrice@ksu.edu

EDUCATION:

1983 Ph.D., University of Kentucky, Soil Microbiology
1980 M.S., University of Kentucky, Soil Science
1977 B.S., Northern Illinois University, Geography, Natural Environmental Systems

PROFESSIONAL EXPERIENCE:

2013-Present Professor, Dept. of Soil Science, Federal University of Santa Maria, Brazil.
2009-Present University Distinguished Professor, Dept. of Agronomy, Kansas State University
1998-2009 Professor, Department of Agronomy, Kansas State University
2001-2011 Director, Consortium for Agricultural Soils Mitigation of Greenhouse Gases
2004-2006 Research Assoc., Coop. Res. Centre for Greenhouse Accounting, Australia
1996-1997 Interim Director, KS Center for Agric. Resources & the Environment
1995 Visiting Professor, Univ. National de Mar del Plata, Balcarce, Argentina.
1993-1998 Associate Professor, Department of Agronomy, Kansas State University
1988-1993 Assistant Professor, Department of Agronomy, Kansas State University
1986-1988 Assistant Professor-Research, Department of Crop and Soil Sciences, Michigan State University

PROFESSIONAL MEMBERSHIPS:

Soil Science Society of America	American Society of Agronomy
International Union of Soil Sciences	American Society of Microbiology
Ecological Society of America	American Geophysical Union
American Association for the Advancement of Science	
Sigma Xi	Gamma Sigma Delta
Phi Kappa Phi	

AWARDS:

Kansas Top 150 Scientists "Science in Kansas: 150 Years and Counting"
Irvin E. Youngberg Award in the Applied Sciences, University of Kansas Higuchi Award. 2009
University Distinguished Professor, 2009
Commerce Bank Distinguished Graduate Faculty 2009
Environmental Quality Award, American Society of Agronomy, 2009
University of Kentucky Dept of Plant and Soil Science Distinguished Alumnus Award, 2009
Gamma Sigma Delta (KSU Chapter) Distinguished Faculty Award, 2008
Member of the Intergovernmental Panel on Climate Change, awarded Nobel Peace Prize, 2007, 2014
Soil Science Research Award, SSSA 2006
Fellow, American Association for the Advancement of the Sciences, 2004
Phi Kappa Phi Faculty Scholar Award (KSU Chapter), 2004
Sigma Xi Outstanding Senior Scientist Award (KSU Chapter), 2004
Fellow, Soil Science Society America, 2000
Fellow, American Society of Agronomy, 1999

TEACHING:

AGRON 645 Soil Microbiology, 1988-present
AGRON 646 Soil Microbiology Laboratory, 2003-Present
AGRON 935 Climate Change and Agriculture, Spring 2005, 2007, 2009
AGRON 955 Soil Microbial Ecology, 1988-present

RESEARCH INTERESTS:

Soil microbial ecology; carbon and nitrogen cycling in terrestrial ecosystems; soil quality.

Our research findings on soil organic matter dynamics provide some innovative concepts on soil organic C and N formation and storage. We have developed procedures for fractionating soil organic matter. The two most labile fractions are more sensitive to environmental changes and management practices than the total soil organic matter. We are now using the stable isotopes of C to determine rates of turnover, loss, and accumulation of C from the atmosphere and different vegetation. The significance of these findings is that we will be better able to assess the long-term changes in soil organic matter as a result of climate, and grassland management.
