

**SUBMISSION DEADLINE:
MARCH 1, 2016**

Research Opportunity Award+

About ROA+ Funding

Research Opportunity Award Plus (ROA+) funding provides regional university faculty members from primarily undergraduate institutions in Oklahoma with the opportunity to engage in research at one of Oklahoma's comprehensive research institutions (OU, OSU, TU, SRNF) during the summer months. This program is designed to enhance personal research experiences, while also supporting the development of ongoing collaborations with faculty at the comprehensive research institutions. These collaborations expand and enhance research efforts across the state. ROA+ funding also requires visiting researchers to incorporate their research experience into their classroom curriculum.

BUDGET

- Maximum allowable budget of individual awards is \$12,500
- Budget items for the regional university faculty may include: summer salary and costs incurred for implementation of research into classroom teaching. The sponsoring lab may request some budget for lab supplies; IDC is allowable.

TYPES OF RESEARCH FUNDED

- Preference will be given to research proposals in the CLIMATE VARIABILITY field
- Areas of STEM research other than climate variability will be considered
- Medical research does not qualify for funding through this program

TO APPLY

Applications must be routed through the appropriate institutional grants office (i.e., by the office at the institution processing the grant award).

Submit the following items via email to gmliller@okepscor.org:

1. Completed cover page form
(Access the form at www.okepscor.org/research/funding-opportunities/2016_roa)
2. Brief description of the proposed research project
Include a statement outlining how the research experience will be integrated into classroom teaching. (No formal format required; 2 pages max.)
3. Budget summary (i.e., salary, lab supplies, IDC, etc.)
4. Letters of commitment from participating researchers
5. Biographical sketches/CVs of the participating researchers (2 pages max.)

Applications due 3/1/16. Funding decisions to be announced 4/1/16.

**SUBMISSION DEADLINE
MARCH 1, 2016**

All application materials must be submitted electronically to:
