

Research Experience for Undergraduates

REU

Proposals Due: November 18, 2020

Summer 2021 Research Experience for Undergraduate Students

OKLAHOMA NSF EPSCoR REU awards provide funding that allows undergraduate students from institutions across the state to perform research at Oklahoma's comprehensive research campuses (OU, OSU, TU, NRI) during the summer months. Students benefit from hands-on research experiences in STEM fields and one-on-one guidance from faculty mentors. Participation of students from regional institutions and diverse backgrounds is strongly encouraged.

Types of Research Funded

- Proposals in all areas of STEM research will be considered. However, award preference will be given to research in WEATHER, WATER, CARBON, INFRASTRUCTURE, and ENERGY, including SOCIAL DYNAMICS elements of these topics.
- Medical research does not qualify for funding

Budget

- Maximum allowable budget is \$5,000
- Budget must be used for the benefit of the student's research (i.e., student stipend, lab supplies, travel, etc.)
- No IDC allowed

How to Apply

Proposal packages must be submitted online at: <http://www.okeysco.org/summer-2021-research-experience-undergraduates> following the guidelines below.

Important: Applications must be approved by the appropriate institutional grants office prior to submission (i.e., the office processing the award).

The following items must be uploaded and submitted online with your proposal package:

1. Brief description of the research project (2 pages max.)
2. Budget summary (i.e., student stipend, lab supplies, travel, etc.; no IDC allowed)
3. Letter of commitment from the student researcher
4. Faculty mentor's biographical sketch or CV (2 pages max.)

Submission Deadline: 11/18/2020 * Funding Decision Announcements by: 2/1/2021
